**HC Junior Assistant list**

This refers to the selection list of High Court junior assistant for 2009 which is yet to be declared. The aspirants made so many requests to concerned authorities to get the final select list announced but there has been no response. The present government had assured the people of fast track selections but our list is still stuck. The authorities should take a passionate look at the matter and see how many years have been lost by youths due to this pending list. We request the honourable Chief Minister to look into the matter and solve our problem as we are about to cross the upper age limit. We hope our CM will not disappoint us unlike other officials who have disappointed us despite so many requests.

**Bad Roads**

We, the residents of Tarzoo, Amberpora, Panjpora Sopore want to bring into notice of R&B department the worst condition of road from Tarzoo to Sopore. The concerned department is appealed to do the needful so that the road is repaired timely and the common people are saved from the sufferings.

**Transformer problem**

We the residents of village Braw Bandina, mohallah Praw have been allotted a 25 KV electricity transformer through Rajiv Gandhi scheme but unfortunately the said transformer could hardly bear the load of our mohalla as there are no less than 30 domestic circuits running through it. With the result the transformer is damaged repeatedly which makes people suffer. We have repaired the transformer almost one dozen times on our own assistance. Now we make a sincere request/appeal to the govt to issue us a 63 K.V transformer so that our problem is solved permanently.

**Power theft**

It is an unfortunate situation that power theft is happening rampantly in our locality (Gulshan Park, Govt. Housing Colony, Channapora, Srinagar). Some people put on illegal hooks on the transmission lines and in some cases even the PDD officials are alleged to be hand-in-glove with those people. Some officials allegedly write fake reading in records of those consumers who pay them hefty amounts monthly for such a favour. This is done by ignoring the actual reading on meters or by making them technically dead. In order to end this malpractice the government should constitute high level

**Ellahibagh road**

We the shopkeepers of Ellahibagh Chowk from JK Bank ATM to Grid Station are facing tremendous hardships due to damaged road in front of us. Potholes have appeared on the road and the heavy dust causes breathlessness to people besides making our goods look outdated. Being a busy intersection, the road damage can result in accidents if it is not repaired immediately. Authorities also need to widen the road from Ellahibagh Chowk to

**Teachers of Falahi Aam Trust**

We the Falahi Aam Trust teachers are suffering badly in these crucial days. We are working in the Trust since 1991 and we get a meagre monthly salary of Rs 2000 to 5000. We have to support a huge family at home. We have sacrificed our lives for the sake of the Trust. Now we appeal our worthy Chief Minister to look into the matter and convert us into regular Govt teachers and save our kids future.

**Conduct Interviews**

This refers to the short listing of candidates in Consumer Affairs and Public Distribution Department, Pulwama. The list was published in the month of January and the date for interview was also fixed. But due to some unknown reasons our interview was postponed. State food minister had advised all concerned AD's of CAPD to complete the recruitment process in one month but it seems they have not responded yet. We request the concerned authorities, to conduct our interview as soon as possible.

**Achan Dumping Site**

We the residents of Firdous Colony, Eid Gah are facing hard times due to the pungent smell emanating from the Achan garbage dumping site. Even though we live almost two kilometers away from the dumping site but the smell is so strong that we can't even open the windows of our houses. The choking smell has led to multiple health problems among the residents, but government continues to turn blind eye towards the issue. For many years, we are told that government is looking for an alternative garbage dumping site, but it seems that it's just a time buying tactic by the government. It's a matter of grave concern among all of us here. We appeal to the government to kindly resolve the issue of this dumping site immediately.
