# Cracks within KEA: Executive committee dissolved

Fresh elections in 40 days  
No place for politically affiliated people in KEA: Members

## Meanwhile, Khan terminates 3 member associations from KEA

'Disgruntled elements giving false statements'

GK NEWS NETWORK

**Srinagar, July 9:** In what points to deep cracks within Valley's premier business organization, Kashmir Economic Alliance, nine of its 12 constituent members today brought no confidence motion against its chairman Muhammad Yasin Khan and other executive members, and announced dissolution of the executive committee.

It was announced at the press conference that the members have unanimously appointed Farooq Ahmad Dar, chairman JKCCC, a constituent in the KEA, as its ad hoc chairman.

Dar along with eight other members while addressing a press conference here blamed the "politicization of the alliance by some of its members as the reason for its dissolution."

He said alliance distances itself from politics as "it is a traders' organization and has nothing to do with politics."

"We are an apolitical organization. We are a traders' body working for the betterment of the trade and commerce in Kashmir," he said.

"No person with political affiliation can be a member of the KEA," he cleared, adding that the June 26 decisions taken at its meeting at SK Park here to include Panchs and Sarpanhs in the fold of KEA is cancelled.

He said: "Holding political rally and allowing or rather inviting the Panchs and Sarpanhs to participate was against the spirit of objectives of the KEA which was formed only to serve the interest of traders' community."

He alleged that when the past chairman Muhammad Yasin Khan didn't listen to "our suggestions that Panchs and Sarpanhs should not be allowed in the fold of KEA, we decided to form an ad hoc body till fresh elections are held."

**Srinagar, July 8:** Kashmir Economic Alliance led by Yasin Khan has terminated the membership of three constituent members.

Chief spokesperson KEA, Siraj Ahmad in a statement said that it has come to "our notice that some disgruntled elements who have already been expelled from KEA, are misleading people by giving false statements."

He said the KEA held its Executive Council meet at Srinagar, presided by Khan on Monday.

The EC members: District Presidents Islamabad (Anantnag), Shopian, Ganderbal, Kupwara, Baramulla, Kishtwar, Doda were present, it said.

The EC members M Iqbal Trambo, Siraj Ahmad, Abdul Majeed Ghazi, Muhammad Yousuf Wani, Muhammad Azim Tuman, Muhammad Yaqub Ronga and Abdul Ahad Rah also participated the meeting, it said.

The chairman KEA reiterated the aims and objectives which according to him formed the cornerstone of KEA.

The members present appreciated the efforts of the Chairman, Vice chairman and the Chief Spokesman in carrying forward the mission of KEA and forging it into a formidable alliance, the KEA handout

Such individuals, are shown the door so that an unequivocal message is conveyed to each and every member of the KEA that dishonesty and dissension have no place in the alliance, no matter who the people are and/or what positions they hold.

The meeting also took stock of achievements, successes and failures that have come in the journey towards self reliance and progress of KEA allies in particular and people of the valley in general.

"It was felt by every member present that divisive forces were hard at work to ensure KEA does not succeed in its aims, objectives and philosophy which forms the pillar of its very existence," it said.

District members were shown the KEA presentation which elaborates the aim of its existence.

The members complimented the efforts put in for such a detailed presentation and requested the Chairman to showcase this in the forthcoming meetings in all the districts of the valley.

Chairman KEA apprised the meeting of the "recent activities of some disgruntled elements within and their nefarious attempts to somehow bring dissent and confusion."

"These egoistic elements wanted to hold prominence and use their clout for individual progress and prosperity," it said.

The chairman made

it clear that no person, whether an individual or in a group would be ever allowed to use KEA for personal gain or glory.

"The time has come, he added, "that such individuals, are shown the door so that an unequivocal message is conveyed to each and every member of the KEA that dishonesty and dissension have no place in the alliance, no matter who the people are and/or what positions they hold."

"The EC members were unanimous in their voice to take stringent action against "disruptive and disgruntled" people. "Motion to terminate the following members/member associations from the Alliance Executive Council and the basic/founder membership with immediate effect was carried out unanimously," it said.

The members requested the members to remain steadfast in their commitment to the economic development and prosperity for Kashmiris.

The members requested the members to remain steadfast in their commitment to the economic development and prosperity for Kashmiris.

Holding political rally and allowing or rather inviting the Panchs and Sarpanhs to participate was against the spirit of objectives of the KEA which was formed only to serve the interest of traders' community.

To mention, KEA was formed in 2010 after all the sectors of the trade decided to come under one banner to promote the cause of uplifting the state's economy.

KEA became an umbrella of traders, industrialists, tourism players, transporters, horticulture, contractors and houseboat owners.

Chairman Houseboat Owners Association, Muhammad Yousuf Chapri in the press conference said: "I was appointed as mediator to negotiate with the past chairman, but his approach was more of a dictator than democrat. He didn't listen to suggestions instead went to press and dismissed members who had opposed him."

"Every organization has a constitution as per which the tenure of president or chairman is fixed. But past chairman was adamant to retain the chair and was also hindering the process of elections of new executive committee."

President, KHARA, Showkat Chowdhary, said that they are not against any individual. "But it does not look nice when business community indulges in petty politics. Traders' bodies are formed to solve the problems and redress the issues of business community not to showcase power by holding political rallies inviting political representatives."

Meanwhile, the members said the committee will also frame the constitution of the KEA.

However, the KEA members appreciated the work done by its past chairman Muhammad Yasin Khan. "Khan worked hard for the betterment of the business community by leading this alliance. That role of Khan cannot be forgotten," they said.

The members announced that fresh elections will be held within next 40 days.

# 'Budget to be non-event as FM has limited choice'

PRESS TRUST OF INDIA

**Mumbai, July 8:** Tempering the rising expectations from the forthcoming budget, foreign brokerage Credit Suisse today said the options before Finance Minister Arun Jaitley are limited and July 10 will be a "non-event".

"This budget shouldn't matter...There is also limited room for fiscal manoeuvres...We expect the budget to be a non-event for the broader market," it said in a note today.

The much-awaited maiden budget of the Narendra Modi government will be tabled on Thursday by the Finance Minister.

The room for fiscal manoeuvres is limited as volatile corporate taxes are at 34 per cent of all taxes and only a small fraction of spending is discretionary, the Swiss brokerage said.

This budget shouldn't matter...There is also limited room for fiscal manoeuvres...We expect the budget to be a non-event for the broader market

Stating that the spillover from the previous year's performance limits the ability to trim fiscal deficit this financial year, it said the roadmap on that front which Jaitley lays down will be of greater interest though it is too early to expect details on it.

As for FY15's fiscal deficit number, it said divestment can help improve the situation. The

interim budget had pegged the fiscal deficit target at 4.1 per cent of GDP on a projected 19 per cent improvement in tax collection.

"FY15 deficit could be raised (above the figure of 4.1 per cent stated by Jaitley's predecessor P Chidambaram), but commitment to deficit of 3 per cent of GDP by FY17 will likely be reiterated," it added.

It can be noted that in the first two months of the current fiscal itself, government's borrowing had touched a whopping 45.6 per cent, while tax mop-up grew at a tepid 3.1 per cent, as the government has front-loaded the subsidy payments, including those that were to be paid last fiscal.

The brokerage said some commentary on state-run banks' recapitalisation, laying out a clear roadmap on the way forward for this, will be of help.

# No proposal to hike urea price: Govt

**New Delhi, Jul 8:** There is no proposal to hike price of urea and the government will continue to provide subsidy to farmers for the soil nutrient, the Lok Sabha was informed today.

Chemicals and Fertilizers Minister Ananth Kumar said while the demand for urea is 31 million tonne, the country produces only 22 million tonne. The rest is imported.

He said there will be no shortage of urea at subsidised rates for the farmers.

Responding to supplementaries, he said there is no proposal to hike urea prices and subsidy will continue to be provided for the nutrient to the farmers.

He said the government is in the process of acquiring assets in various countries, including Russia and Canada, through joint ventures so that "near" self reliance can be achieved.

India already has joint ventures with Oman, Senegal, Jordan and Morocco in the fertiliser sector.

The minister said there was a need to educate farmers to use micro nutrients and shift to organic manure.

While 46 mmbtu of gas is

The demand for urea is 31 million tonne, the country produces only 22 million tonne

required for fertilizer plants, only 31 mmbtu is available in the country at a cost of USD 4.2 per mmbtu. He said the gas is imported at a high cost.

Referring to various steps undertaken by the government to ensure adequate supply of subsidised chemical fertilizers to farmers, he said month-wise demand is assessed and projected by the Department of Agriculture and Cooperation in consultation with the state governments before commencement of each cropping season.

Based on the projects, the Department of Fertilisers allocates sufficient quantity of fertilizer to states by issuing monthly supply plan and continuously monitors the availability.
